## Building Security

**S**CI is structured around the belief that the most important asset we contribute is the ability to help our clients pre-empt and avoid potential disruption to their business.

SCI provides the following services for building security:

- Security risk assessment and security strategy.
- Full building security survey and audit.
- Fences, perimeter security systems, alarm systems, buried sensors.
- CCTV, video motion detection and lighting.
- Access control systems and biometrics.
- Anti-terrorist measures, parking control.
- Explosive prevention measures, sniffers.
- Metal detection, internal alarms, internal CCTV, cash, office and board room security.
- Full equipment specification, bid evaluation.
- Security project management and commissioning.
- Security procedures, guarding reviews and training, ongoing audit and advice.
- Guarding manpower audits and re-bids.
