### WHAT IS SCI?

**S**ecurity Consultancy Pte International is a group of independent consultants who work together to provide solutions to a wide range of security problems in all sectors of industry and commerce as well as for government installations, public buildings, royal residences and private individuals both in the UK and worldwide. Each individual consultancy consists of experts who have many years' experience in their chosen specialist area of security thus SCI is able to provide a total solution to any problem situation which a single consultancy would be unable to do.

**S**CI is structured around the belief that the most important asset we contribute is the ability to help our clients pre-empt and avoid potential disruption to their business.

### SCI'S OBJECTIVES

**S**CI is committed to provide its clients in the corporate, government and private sectors with a wide range of high quality, pro-active and reactive risk management, IT, communications and security consultancy services.

**W**e advise our clients worldwide how to reduce and manage the effects of crime, fire, crisis, terrorism, IT and communications interception on their business operation and employees.

**W**e operate to the highest levels of integrity, legality and ethics and have constantly developed long term relationships with our clients.
